

*Make Your Own Treadle Lathe* – by Steve Schmeck

New eBook Edition Announcement – January, 2014

I am excited to announce the release of the new expanded and updated eBook edition of *Make Your Own Treadle Lathe*. It is now available formatted for reading on your iPad, Kindle, Android device or other eBook reader.

You can also download and read it on your PC or Mac computer using either the free Kindle Reader application or Adobe Acrobat Reader. I know that many of you have been waiting for this new edition and apologize for how long it has taken to get it done. Thanks for your patience.

A big thank you to those of you who downloaded the earlier free version of this guide. Your suggestions and contributions made this new and expanded version possible.

You can get your copy for Kindle from [Amazon](#), the [Apple iTunes store \(ipad & iOS\)](#), [Barnes & Noble for \(Nook\)](#) and other eBook retailers. It is also available in multiple formats at [Smashwords](#).

The price for this new expanded and updated eBook edition is only \$2.99.

I have added more photos and illustrations as well as clarified many of the building procedures. I hope you enjoy the book! If you do enjoy reading it I hope that you will leave a review at your favorite eBook retailer.

Thanks!

*Steve*

P.S. The original downloadable edition of the book is outdated so no longer available.
